## COURSEWORK

### COURSERA

Principles of Management

### ETHNUS

MERN Full Stack Internship Program

### UNDERGRADUATE

Data Structures and Algorithms

Operating Systems

Database Management System

Software Design & Engineering

Object Oriented Programming

Probability and Statistics

Financial management

Discrete Mathematics

Object Oriented Programming

Computer Architecture and Organization

Linear Algebra

Financial and Cost Accounting

Fundamentals of Management

## SKILLS

### PROGRAMMING

Java • C • C++

### WEB TECHNOLOGIES

HTML • CSS • JavaScript • NodeJS

### FRAMEWORKS

Bootstrap • React

### TOOLS

Visual Studio Code • Figma • Spyder

• Eclipse • WireShark • Xampp

### OTHERS

mySQL.

## EXPERIENCE

### ONSITE- LUCKNOW METRO (LMRC).

Interned at Lucknow Metro as a Student Developer, where I successfully designed and implemented an online login system using PHP, XAMPP, HTML, and CSS. Demonstrated proficiency in web development and contributed to enhancing user authentication processes

### ETHNUS FULL STACK INTERNSHIP PROGRAM.

Completed an intensive MERN stack development internship at Ethnus, gaining expertise in both frontend and backend development. Engaged in diverse projects, from small tasks to a final comprehensive project, I honed skills in creating scalable web applications using MongoDB, Node.js, and React.js. This experience not only deepened technical know-how but also fostered adaptability and teamwork, positioning me as a skilled MERN stack developer prepared for impactful contributions to innovative projects.

## PROJECTS

### | PROGRESS IN MERN STACK

- Developed a comprehensive individual project using the MERN stack, guided by the Ethnus course. Created and maintained a GitHub repository to showcase the application, highlighting proficiency in HTML, CSS, Bootstrap, React, and Javascript. Implemented modern web development practices and demonstrated strong problem-solving skills in delivering a functional and responsive web application.

### | MAYANK'S PORFOLIO

- Created a personal portfolio using HTML, CSS, and JavaScript, showcasing my skills and projects. The website reflects my proficiency in frontend development, design aesthetics, and interactive features.

## ACHIEVEMENTS AND ACTIVITIES

### • BE10X:

Attending the AI Workshop conducted by BE10X

### • IIM KOZHIKODE:

participated in the White Knight of the Backwaters 2024 organised by the Indian Institute of Management (IIM) Kozhikode .

- Active on programming sites - LeetCode, GeeksforGeeks

## EDUCATION

### CURRENT- (VELLORE INSTITUTE OF TECHNOLOGY)

BACHELORS IN CSE WITH SPECIALIZATION IN BUSINESS SYSTEMS.

Vellore

As an aspiring computer science engineer with a specialization in business systems from one of India's preeminent private educational institutions, Vellore Institute of Technology.

**2020-2021** | INTERMEDIATE (11TH AND 12TH), ST. FIDELIS COLLEGE

**2018-2019** | MATRICULATION (ICSE)-89.6%
